Debra Hardman
Acting Commissioner

March 3, 2017

The attached report represents a consolidation of Reports of Condition and Income filed by state-chartered banks with the Missouri Division of Finance as of December 31, 2016, and a comparison with the statements filed one year earlier. Also included is a comparison of financial statements of state-chartered and national banks.

During the previous twelve months, the number of state-chartered banks and trust companies reduced from 261 to 253. During these past twelve months nine banks merged into other institutions, one non-deposit trust company merged into another institution and two new state bank charters were granted as two national institutions converted to state chartered banks.

Assets in state-chartered banks totaled \$122.6 billion on December 31, 2016, an increase of 8.6 percent from one year earlier. Deposits were \$102.3 billion and total loans were \$78.1 billion on December 31, 2016, an increase for both of 9.5 percent from one year earlier.

The overall condition of Missouri state-chartered banks continues to improve. The attached graphs illustrate improvement in several component areas. Asset quality has improved, with the past due ratio stabilizing at a manageable 1.17 percent down from 1.27 percent one year earlier. The return on assets remains strong at 1.05 percent, despite a compressed and shrinking net interest margin. The median return on assets for state-chartered banks is 0.97 percent as of December 31, 2016.

Capital remains strong, as the Tier 1 Leverage Capital ratio is 9.47 percent of total assets.

A handwritten signature in cursive script that reads "Debra Hardman".
